### Apprenticeships

Obviously as you are aware this is a live database and as such vacancies will continue to be advertised by employers on here across the coming weeks. There could be a reduction in vacancies available, but this is not clear and is likely to only be temporary. Keep checking on new vacancies arising in our local area and request any help you need.

### Sixth Forms

Contact each individual sixth form for guidance on how to proceed with any new applications. If you have an application which has already been processed, the institution will be directly in touch to discuss your next steps.

### Please Note:

If there are any institutions we have missed from this document, please let us know and we will do our best to access this information for you.

Given the ever-changing nature of education during the period of time affected by COVID 19, I would recommend visiting the college/training provider websites regularly to keep an eye on any changes which come into effect.
