

LOOK AROUND

Spring is getting closer and colour begins to return. This is a great opportunity to notice the flowers as they begin to grow and the birds as they start to sing again.

When you're outside, take a deep breath and look around you – look out for birds... the five pictured are common locally.

You may see black birds, bluetits, magpies, robins or sparrows.... and don't forget the ducks on the pond.

FIVE SPRING FLOWERS - Can you find more?

Look out for crocuses, daffodils, hellebores (winter roses), primroses and snowdrops.

And look forward to

bluebells, irises and tulips...
