

Graffiti is seen as a form of artistic expression and can have positive outcomes for people. It is also often illegal and seen as vandalism by many....  
It can be – and is – both!

## UNDERSTANDING GRAFFITI: ART OR VANDALISM?

We are all so thrilled with the result and are planning the many ways in which we can use our new area. A BIG thank you to all of the many students involved in the project – what a HUGE difference you have made!!

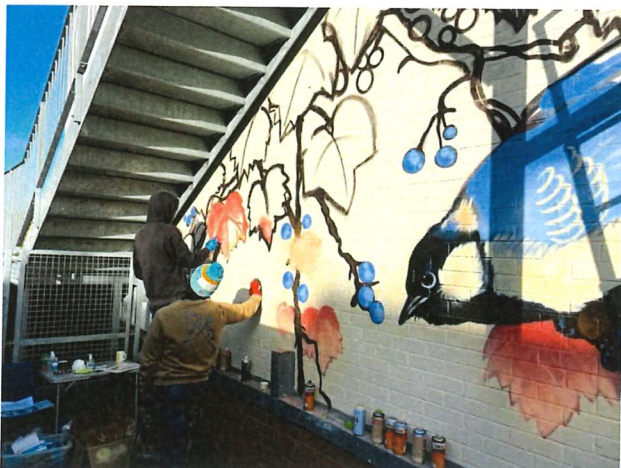

**TAMWORTH** has a number of great graffiti artists – and some great art has been created. And some of the best is at Kettlebrook!

Wingy has come to the school twice so far. We have enjoyed learning how to improve our surroundings with beautiful artwork using graffiti sprays.

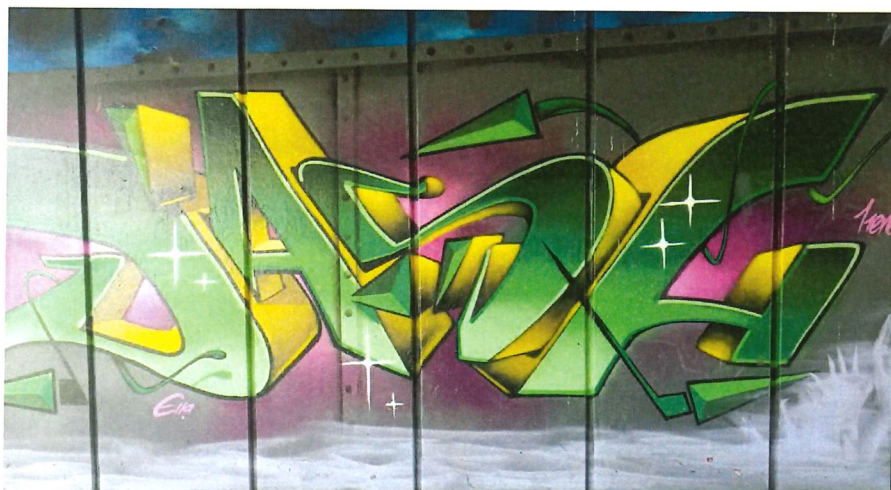

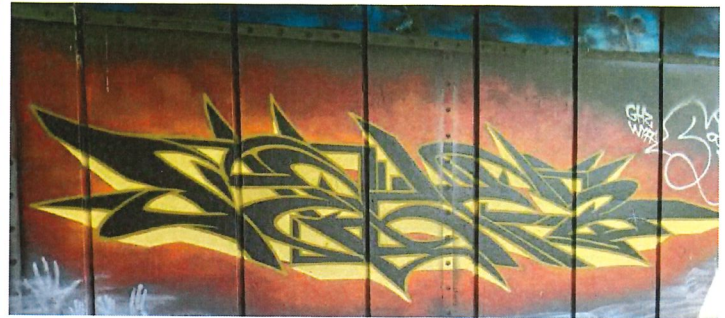

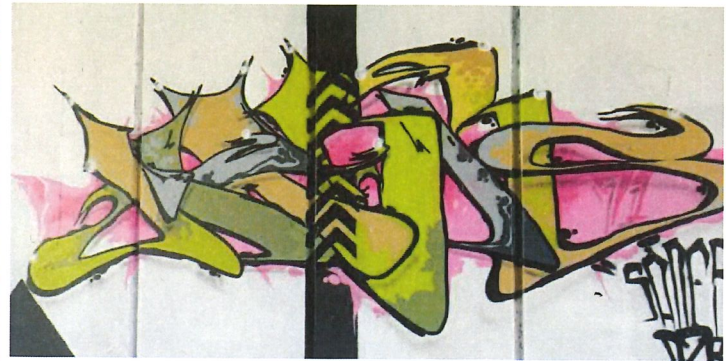

What do YOU think?

Do you like graffiti? Does it always make spaces look better? When is graffiti just vandalism and not art? Or is it simply a matter of opinion .....

## Street Art in Tamworth

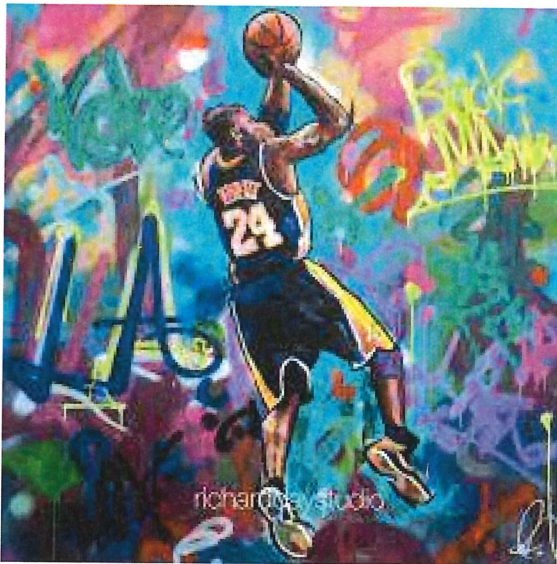

## We Love Tamworth

11 and 12 September 2021 at the castle.

At this year's event, Tamworth's New Urban Era will be launching the town's first Environmental Arts Festival. Workshops include Environmental and Recyclable Arts. An opportunity to have fun learning new skills.

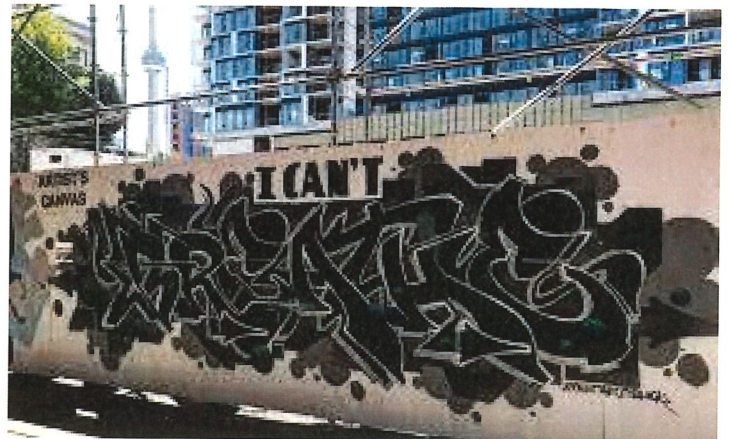

Something to look forward to!

SOME DEFINITIONS/EXPLANATIONS....

Street Art is said to be *image based* and generally has been done with permission. Graffiti tends to be text (like tagging of a name) and hasn't had permission – which is why it is often simply vandalism.

Some graffiti communicates ideas – some of these ideas are political, others are just fun! All pictures please send to [Sophie.Norrington@kettlebrook.staffs.sch.uk](mailto:Sophie.Norrington@kettlebrook.staffs.sch.uk)
