

OUR COMMUNITY

Some students have been learning about rights and responsibilities in PSHE. We are learning that an understanding of this can help support positive relationships with friends, at home and in school.

Motor Vehicle Mechanics at our partner centre.

Year 11s *flat out* as you can see!

WE ARE HERE
FOR YOU

In Art, students have been making collages of different endangered animals. The collages have then been placed on backgrounds that each student has made using inks. All of the work can be recycled. All of the animals featured are endangered and are at real risk of extinction.

The work featured is by Beth (year 11), Will (year 11), Amylea (year 10) and Megan (year 10).

Our amazing Hair and Beauty group.

WE ARE HERE
FOR YOU

We all know that fitness and exercise is good for us, but sometimes it feels as if something is stopping us from doing it. We call these “**barriers to sports participation**”

By identifying your **barrier**, you can then begin to find ways to **get past** these barriers and become **more active**.

WHAT’S YOUR BARRIER?
